the **sweet** story

Make Your Life Sweeter® founder Yasmeen Tadia has transformed standard-issue, carnival cotton candy and popcorn into gourmet indulgences with her signature line of sweets sensations, including Fluffpop® Artisanal Mini Cotton Candy, Hotpoppin® Gourmet Popcorn, Sugaire Organic Cotton Candy and her most recent creation called ModSweets. Visions of fluffy treats and popped sweets weren't always dancing in Tadia's head. As a Southern Methodist University Cox School of Business grad, she spent 10 years in corporate America before inventing Fluffpop. However, her time spent in a variety of management positions, and later as the corporate director of human resources for the largest hospitality management company based in New York City, gave her the confidence kick she needed to turn her fluffy dream into a serious reality. Tadia has parlayed the success of her highly esteemed, global experience-based company, Make Your Life Sweeter, and its suite of high-end products, into the vision behind ModSweets. With this new brand, Yasmeen saw an opportunity to bring the yummy spirit of her highly customized, trend-forward treats including Fluffpop, Hotpoppin, and Sugaire to a widespread audience who can now purchase them in retail stores and enjoy them on a daily basis—not just special occasions
